Open Brief / Open Letter NLF-thinking & behavior

to

Paul mcCartney in meeting with Gods & Goddesses

23 august 2008

NLF-50 Love-questionsbook

Beatrice Milly mcCartney,

This letter to you is part of your survival-strategy.
Your father is a little reluctant; 'I have to speed the man up'.

Your father and I attended a meeting with Gods & Goddesses last night.
Goddess of Wisdom gave me permission to publish this letter. Shall also send it signed by mail.

An adult lesson in revenge...

Why?

I know what little girls do when they watch adults.

They look them in the eye and think:

'We can't have an adult talk today, because I have not learned all the words, but I can Frame you...'

I can see what you are doing! And I am going to glue & nail you on my feelings. When I am 15 years old, we are going to talk and you are going to explain to me what happened when I was 5 years old. If you don't give the right answers, I kick you out of my Galaxy'.

Your father is rather occupied with himself.

He can't understand the needs of a 5 years old girl in 2008.

He doesn't understand the needs of women at all anymore....

He needs education!

Let me tell you what happened to me when I was just 6 years old.

My father worked in a shop. His boss had seriously ill children.

One day, I was at the house of the boss. I found two children ill in bed.

1 boy of about 7 or 8 years old, 1 girl of 5 years old.

Their mother was in the kitchen, explaining me what was wrong with them.

'They are dying, there's something wrong with their genes. There is a professor who wants to exam us in the hospital, but we don't want it. We are going to have another baby'.

Oei.....

As a little girl I completely comprehended 'that they were making babies because they wanted to have children, but did not care if those children were healthy or ill'.

Red roses at the funeral. Never give me red roses.....I can do without them.

Your father is a man of 66 years old with strong genes. He made you.

But he doesn't 'live life as he's supposed to live it on instructions of Gods & Goddesses'.

G & G link spirits in the Galaxy for evolution.

People do the strangest things. Higher powers at work.

Suddenly their lives change for once and for all. You can't run away from it.

On Earth individuals have to start to live & work together.

Spirits land inn...body & soul....

Love-building

Your father is in Love with my spirit, believes I am a spiritual woman.

What a fool!

He keeps my body & soul in the atmosphere, believing that it will bring him evolution.

But, it will not give him answers he asked G & G for.

Dr.Sir. Paul mcCartney has made a big mistake in his relationship with me.

Revenge deep inside him, blocks Love-building

So, what to do next?

You father should have answered **NLF 50-Love-questions** 3 months ago.

Should have made a new CD with NLF-songs for Young Adults.

Should have had the courage to analyze planet Love together with me, without sex.

Should have implemented my survival-strategy already in your body, soul & spirit.

Milly, he brought me to you... on the wrong path...

So, now we are going to change directions!

First this:

Your father needs all Goddesses to do ALL his dirty-EQ-jobs for ALL reasons.

He needs many Goddesses, who ALL have to obey his Definition of Love. One Goddess for every job....

O..., he won't get away with it, this time!

He asked the Galaxy for a solution for his troubles with your mother; G & G send me.

So, lets heal the mans' wounds..., because he wants to be a good father for his daughter.

Milly, 'Give a man always what he asks for, but not at the cost of your own life. Be inventive.'

Paul wants to be educated with my spirit, so let it be....

Now I publish this letter on my *free-available* NLF-educational website for Young adults, I speed him up.

Make him do the work needed for evolution in body-soul-spirit. Worldwide.

Powerful-people also need my websites to make a few choices for the future of planet Earth.

All people need a family, house, food, nature, education and a comfortable healthy life.

Powerful-people watch your father and me. When we make the right decisions, they will too.

Because your father has to do his own dirty-EQ-jobs, I publish ALL the questions he should have answered 3 months ago on my website.

He may NOT ask ALL Goddesses to answer ALL his questions. He has to do his own work.

The whole World will see 'that your father is a little lazy in Love-building'.

He rather flies away with his gitar - and sings about Love - when he can't cope with feelings of revenge.

Or starts a fight with your mother on the Web over 'the perfect Definiton for Love'.

He wants to be part of NLF-for Young adults, but can't adjust himself to definitions children and young people need in the future.

So!?

A girl or woman is body-soul-spirit. On Earth and in the Galaxy.

As a father he is obliged by law to take care of your body and soul.

Gods & Goddesses make him take care of your spirit.

I make him answer ALL your questions in the right way.

So you can Love him when you are 15 years old.

When he gives me ALL the answers today, I can Love him too.

Desiree

Paul,

..... its time I start to anchor my NLF in your brain....

How do we educate children to build an individual thinking-pattern?

1. What is a thinking-pattern?
2. What is a behavioral-pattern?
3. What is a child, growing into a teenager, becoming a Young adult?
4. What are the differences between my youth and todays youth?
5. How did & do I develop Myself? My thinking, my behavior?
6. Talent, education or both?
7. What is Social Intelligence? In my body, in yours?
8. Looking back, what did Social Intelligence gave Me, Myself & I? What does it give Me today?
9. How can I level this with You, Yourself & You?
10. Which mistakes made in the past - on the level of Social Intelligence - can still be restored today?
11. Which mistakes will always stay 'open wounds' ?
12. How do I cope with these on my thinking- & behavioral-pattern?
13. Do I take good care of Myself, in the way I should...?
14. Or do I obey former educators?
15. What have I done and what should I have been doing?
16. How can one tell?
17. The Light of the Educator. What does this light give you in your live?
18. Where do you find the resources necessary for individual growth?
19. How can you balance or rebalance yourself in the community?
20. Even when you have to disobey your educators for it?
21. Self-esteem, self-confidence & self-consious; give me definitions.
22. Why do you have to write your individual definitions...and put them on the table in difficult times?
23. How can you make sure that your personal definitions have a right to exist?
24. Anchor your thoughts.

25. In what? In talents & education
26. Work with lawbooks: how can you use them to anchor your thoughts in?
27. Don't be afraid of 'what's not done in the community'.
28. Be a Future-builder.
29. How do you start to communicate - for your individual growthproces - in a mixture of law + identity + psychology + religion?
30. How do you get what you want, even when educators and community are against you?
31. Country + International law + Talents + Universe
32. All odds are against you. How do you keep Faith in the Future?
33. How can you use the knowledge already available in the Universe for survival in your individual brain?
34. What is brain pollution?
35. How do you remove it... and how do you heal wounds?
36. Do you Love your own thinking-pattern?
37. What does your behavioral-pattern shows you, now you have done all the things you should have been doing?
38. Do you notice that you have transformed war into peace, without the use of weapons?
39. Do you still need drugs...or do you believe the Universe can be a purifying drug in your spirits?
40. What does sex mean to you?
41. What does intimacy mean to you?
42. Both don't come without risks. Which risks are you willing to take?
43. When you have to choose between 'cancer due to sex, drugs & alcohol' and 'grow into the Future with your talents & skills in a healty environment', which do you prefer?
44. Can you make that choise and live by it?
45. No, you can't. What stops you? What turns you into a nasty person for yourself & others?
46. What does this mean?
47. It means you have to start all over again. Go back to the Light of the Educator. Search for already available talents & skills in Yourself, but pushed aside because they didn't feel convenient to you. Take up NLFs you forgot all about...Start to restore yourself.
48. Its an ongoing procedure: a human body + talents + education + skills + love + transform hatred into love + enjoy the growthproces in yourself + recognize your mistakes + learn from your mistakes + new talents + new skills + new love ...and yes....+ new hatred to be transformed into new love again...
49. Distribute Yourself in new Love, build thanks to new NLFs with your determination
50. If you want love, build love..... If you want hatred, build hatred. Never say: 'war is love'. Say perhaps: 'I love you, it looks like war'. Talk about: 'I love you, I want love to feel like love'.

**Look, I asked to Galaxy to let you live another 15 years on Earth...
Just do as I tell you.**
