Stephen Porter, Leanne ten Brinke, Bruno Verschuere, Ewout Meijer,

I watched your work at

<http://www.wetenschap24.nl/programmas/labyrint/nieuws/2011/319-liegen/sprekers.html>

You overlook a major part in truth-finding, namely:
'corruption in court systems & politics...& media'.

I am ahead of you in 'truth-finding-mentality'.

Go to www.desireestokkel.nl and discover who I am, what my legal position is in NL - and worldwide - ...and what that means for your work.

Your truth is very old-fashion in my opinion, because you leave out corruption within court system & politics & media..

I am very powerful in warzone.

Warvictims trust me to clean up the corruption within the International Criminal Court, knowing that I am a victim of this corrupt court system.

Accepting the ICC-prosecutors & judges torture me and try to manipulate me into death, so the truth about their personal criminal methods of work are never discovered...by scientists like you...

When you talk about 'body-language reveals the truth', you are not aware of the fact that there can be individuals 'who have gone through too much painful EQ in life...and therefore...their body language can't be an indicator anymore...

I am one of those persons!

And...you also overlook borned disabilities.

I can only see about 33% of a person with perfect eyesight = a-stigmatism.

With glasses I can see - on a good day - 50% -.

I don't have a drivers licence, because my response is delayed with 6-10 seconds = you don't want me to drive!

You overlook this starting-point of the human body too!

Redo your homework...

This time work with the 'truth, the whole truth...and nothing but the truth'.
