NJR, ZPP, ASML, Heerema, Opta, eigenhuis, NMA, Advocatenorde, Raad voor Rechtspraak, Raad van state,

Ik werk samen met de Russische Presidentskandidaat Mikhail Prokhorov.

Ik wil dat hij een nieuw type Rechtbank start.

Mikhail Prokhorov,

Its only 8.19 hrs overhere.

I must be mad...

In NL we need an Arbitrator- court, next to the Criminal court first.

The Arbitrator-court is the First court every person is obliged to turn to, to start a lawcase for the Starting-procedure.

This Arbitrator-court has units:

Civil court

Family court

Business court

Administration court.

The core-business for the A-court is to force the particiapants to come up with a solution for conflict-ending.

Both parties are legally obliged to present a legelley correct framed solution for the conflict.

The judge is obliged to give a verdict in which the best solution is put into words.

And, the judge must also be obliged to point the person who sabotages justice.

When both parties continue to fight after the Arbitrator-verdict the average court-procedure - as we already know it starts... for payment of the damage or criminal punishment.

What we achieve is that Judges can NO Longer be partial to the government... or a more powerful party -like a multinational - in relationship with a smaller less powerful or even poor person.

The legal fee must be affordable for all social classes.

I believe it will cut down on the number of ever-lasting courtcases, because the 'criminal' is chosen in the Second rond in courtroom.

the First round should have brought a solution, not another Evil path for the sake of the conflict.

I shall put this also only www.nlfschool.com
